SUPPORTING PEDIATRIC BRAIN TUMOR RESEARCH

## **WINNING WITH WYATT RAISES \$150,000 AT FUNDRAISING EVENTS IN 2024**

CHICAGO, December 9, 2024 – Through fundraising events in 2024, Winning With Wyatt raised \$150,000, which will be donated to support pediatric brain and spinal cord tumor research at leading medical institutions.

“We are incredibly thankful for the continued generosity of everyone who has joined us in our mission to find better treatments and ultimately cures for pediatric brain tumors,” said Kim Hare, president of Winning With Wyatt. “Our dedication to fundraising and building awareness about the prevalence and impact of brain and spine tumors on children is unwavering, and we will continue to advocate on behalf of children and families affected by the disease.”

Winning With Wyatt hosted three events in 2024, including the Concert for Hope, the Winning With Wyatt elementary school party hosted by the foundation’s junior board, and the annual fall benefit event. Proceeds raised from these events and other contributions will be used to support research at Lurie Children’s Brain Tumor Program, which offers highly specialized, state-of-the-art care for children with brain tumors, as well as the Children’s Brain Tumor Network (CBTN). The events were sponsored by the Anne Hodge Group, Compass.

All 2024 donations will be made in memory of Caroline Mhley, a 16-year-old girl from La Grange and student at Lyons Township High School.

### **About Winning With Wyatt**

Winning With Wyatt supports pediatric brain and spinal tumor research at leading institutions to find a cure for the disease that is the leading cause of cancer deaths in children. The foundation is also dedicated to building awareness of the impact brain and spinal tumors have on children and advocating for more advanced treatment. Winning With Wyatt was established after a child, family and community experienced the impact of pediatric brain tumors in multiple children.
