SUPPORTING PEDIATRIC BRAIN TUMOR RESEARCH

WINNING WITH WYATT RAISES MORE THAN \$120,000 AT FALL FUNDRAISERS

CHICAGO, December 5, 2023 – Winning With Wyatt raised more than \$120,000 to benefit pediatric brain tumor research from their annual fall and Junior Board fundraising events.

“We are in awe of the extreme generosity and commitment from our donors to join us in our mission to find a cure for pediatric brain tumors,” said Kim Hare, president of Winning With Wyatt. “Through these special fundraising events we’ve been able to raise more than \$1 million to fund research and help give hope to children living with a brain tumor diagnosis.”

The events were sponsored by the Anne Hodge Group, Compass, and featured a live performance from improv duo James & Waltien.

Earlier this year, Winning With Wyatt held its annual Benefit Concert for Hope in recognition of Brain Tumor Awareness Month which occurs every May. Funds raised from these and other events throughout the year will be used to support research at Lurie Children’s Brain Tumor Center, which offers highly specialized, state-of-the-art care for children with brain tumors, as well as the Children’s Brain Tumor Network (CBTN).

About Winning With Wyatt

Winning With Wyatt supports pediatric brain tumor research at leading institutions to find a cure for the disease that is the leading cause of cancer deaths in children. The foundation is also dedicated to building awareness of the impact brain tumors have on children and advocating for more advanced treatment. Winning With Wyatt was established after a child, family and community experienced the impact of pediatric brain tumors in multiple children.
